

CSIRO – Australian Centre for Disease Preparedness (ACDP)
5 Portarlington Rd Geelong VIC 3219 Australia

csiro.au | ABN 41 687 119 230

13 August 2026

To whom it may concern,

The CSIRO Australian Centre for Disease Preparedness* (ACDP) diagnostic laboratory, works under a quality management system which is accredited to ISO 9001 and ISO 17025.

In accordance with this quality management system, the PDF file provided for each case report is the definitive report document. Any hard copy document provided by ACDP is simply a printed copy of this digital report. A copy printed by the recipient of the report is equally valid.

Each PDF report is issued by an authorised veterinarian and is digitally signed by ACDP to provide verification of the issuing organisation, and to provide proof that the document has not been altered after being issued.

At the bottom of the first page of each PDF report there is information explaining how to verify that the digital report received, or hard copy of it, is genuine and valid. ACDP can be contacted directly for this purpose by emailing acd-report@csiro.au. Further information is also available at <https://acd.csiro.au/report-verify>

Kind regards,

Signed by:
